

# Sossusvlei Lodge, Sossusvlei

**Sossusvlei Lodge** is located on 43,000 hectares of private and unspoilt nature reserve directly adjacent to the entrance gate to the Namib-Naukluft Park. The magnificent dunes of the Namib Desert in the Sossusvlei area are at their best shortly after sunrise — this is when the contrasts are the most stunning. With this distance advantage, guests at the lodge do not have to rise with the sparrows in the morning in order to enter the gate as soon as it opens.

When you enter Sossusvlei Lodge, you enter a classic lifestyle of comfort filled with the thoughtful touch of attentive staff. The Lodge has a well-known reputation for having the friendliest and best trained staff in the area — a silver medal award by the Hospitality Association of Namibia bears testament to this.

Sossusvlei Lodge is renowned throughout Namibia for its buffet dinners. The buffet is presented outside on the terrace under the stars of an evening with a magnificent view of the floodlit waterhole a mere fifty metres away where the local game come to drink while you eat. The five star cuisine covers the whole meal from the chef's soup of the day, numerous entrées, the main course with its many choices of meats, game, vegetables and stir-fry, right through to a multitude of mouth watering desserts along with cheese and biscuits to choose from. The executive chef and his staff take pride in their cooking creativity and only the best is good enough for them.

Sossusvlei Lodge is constantly aware of and concerned about the delicate desert environment and the effect that tourism has on it. The lodge was therefore designed and built as eco-friendly as possible. The accommodation units are uniquely constructed combining both tent and plaster so as to blend in as much as possible with the desert location and surroundings. Everything from the electricity supply, heating facilities, waste management, layout and activities are geared for eco-friendliness.
